Acceptable Use of Technology Agreement - 2017

Guidelines

All staff and students adhere to the guidelines below.

Users must:

- Respect the privacy of others: users shall not attempt to seek information about files and passwords unless authorised by the other user to do so. Generally, this would be between student and teacher or teacher and teacher rather than between student and student.
- Respect the legal protection provided by copyright and licensing laws surrounding programs and data.
- Respect the integrity of computing networks and programs.
- Respect the work of others - plagiarism of any work is not tolerated.
- Demonstrate correct use of hardware including the authority of the settings.
- Only access sites deemed appropriate to a Catholic School.
- Refrain from using language, which is rude, insulting or otherwise inappropriate.
- Carefully consider the need to download and/or print files without permission of the author.
- Seek permission to use flash disks from their supervising teacher.
- Behave responsibly in accordance with the above guidelines.

Any breach of these guidelines must be drawn to the attention of the teacher.

Breaches will mean the loss of privilege and access for a set period. Breaches of a serious nature will require appropriate and full investigation and the involvement of parents/caregivers, with consequences issued.

Students are not permitted to use mobile phones at school unless they have received permission from their teachers. If your child brings a mobile phone to school, it remains the responsibility of your child and must remain in his or her bag. A student who uses a mobile phone during school time without permission will have the phone taken and parents will be required to collect the phone from the teacher, at which time the usage of the phone will be fully investigated and the guidelines of the acceptable usage policy will be implemented.

Thank you for your cooperation in this matter.

Kind regards,

Leanne Nettleton  
Principal
