18 February 2016

Dear Parents,

Some general information

As part of our History unit, Personal and Family Histories, we are learning about where the children, their parents and grandparents were born and raised.

We would like to make a class display and are hoping that you could assist us by sending in a family photo (student’s name on back). Please send to school as soon as possible.

Today, students are also being sent home with a world map in their note folders. In the relevant boxes provided on the world map can you please name/list each person (child, parents and/or grandparents), their country of birth and the language spoken there. Please return in their note folders one day next week.

As part of our PDHPE unit, Me and my Mates, we are learning about how we have grown and changed since birth. Therefore, could you please send in a baby photo of your child (with name on the back).

On Friday, all Kindergarten classes will be sending home all workbooks that need to be covered. Please cover in clear contact and return the books to school on Monday as we will be using them. If for any reason, books cannot be covered over the weekend, please still return the books to school on Monday and we will send them home again the following Friday.

Thanks for your support,
Kindergarten Teachers
