

# St Bernadette's School

Friday 23 April 2021 — Term 2 Week 1

No. 11

Dear Parents and Carers,

A very warm welcome back to school for Term 2. I hope you and your family had a blessed Easter and a restful holiday break. I know the teachers rested and enjoyed the break in routine and are full of energy for the term ahead.

This term, like all terms, has many events planned so make sure you keep an eye on future newsletters and COMPASS notifications so you know what is happening in our great school.

Talking about COMPASS, have you downloaded the APP to your phone? We strongly encourage all families to have this APP as soon as possible as all future communication will be via this format, rather than email.

Also, have you submitted three (3) family favourite recipes for the St Bernadette's School Cookbook? The cookbook is our major fundraising venture for the year so I would love all families to get involved. Even I took advantage of the holidays to search through old cookbooks for the favourite recipes of my family! Yes, I have submitted them too! It is quick and easy to do. Make sure you don't miss the deadline of the 21st May. Funds raised will go towards playground refurbishments.

Do you have a preschooler at home that intends coming to school next year? Do you know a family friend or neighbour that would like to send their child to our school next year? Kindergarten 2022 positions are filling fast so make sure completed enrolment forms have been lodged. We would hate for you or others to miss out. If there any questions about enrolment, please contact Mrs Dawn Crake in the office or check the school website.

As the weather is cooling down, some children are electing to wear the winter uniform, which is fine. The official uniform changeover date is the Monday after Mother's Day- 10th May. Get your winter uniform orders in ASAP via the Quikcliq app as the preferred ordering method. Have a wonderful weekend and I look forward to seeing you at an upcoming school event.

**Mrs Bianca Cooke—Principal**

## R.E. NEWS

On Friday we reflected on the life of St Bernadette of Lourdes who our parish and school are named after. St Bernadette was born on January 7, 1844, in Lourdes, France and died April 16, 1879 in Nevers. She was a young girl whose visions of the Blessed Lady led to the founding of the shrine of Lourdes.

Bernadette was the eldest of 9 children from a poor family. She often suffered from ill health. Between February 11 and July 16, 1858, at the age of 14, she had a series of visions of the Virgin Mary in the nearby Massabielle grotto, from which the Parish newsletter takes its name. Mary revealed her identity with the words "I am the Immaculate Conception" and, among other messages and affirmations, told Bernadette that a chapel should be built there.

Bernadette steadfastly defended the genuineness of these visions despite strong opposition from her parents, the local clergy, and civil authorities, and she faithfully transmitted Mary's messages. However, her humility, truthfulness and modesty encouraged many others to believe in her visions.

A few years after her visions she became a nun and took the name Sister Marie Bernadette. She was later canonised by Pope Pius XI who authenticated her visions and the veneration of Mary as Our Lady of Lourdes.

On Monday 26th April, Week 2 we will commence the day with a special prayer service at our Monday morning assembly on top court to remember those who have died in wars and to commemorate ANZAC Day.

You might like to bring a blanket or a small picnic chair to sit on. Tea, coffee and a small snack will be available for mums.

There will also be a photo booth set up on the passive grass area for you to have a picture taken with your family so don't forget your phone.

At 11:00 am it will be time for the children to line up ready to return to class. Unfortunately, this year due to Social Distancing Rules we are unable to have mums visit the classrooms.

Dads: We will need some helpers so look out for a letter next week.

Children are to come dressed in their school sports shorts and may like to wear a coloured t-shirt of their house colour. Children are also required to wear their school hat and bring a water bottle.

Preschoolers and younger siblings are to be under the direct supervision of their parent at all times. Unfortunately they cannot take part in the activities and games due to safety concerns.

Any family members that are coming onto the school site to spectate, must sign in using the Services NSW COVID app, sanitise upon entry and maintain social distancing regulations. Please do not attend if you are unwell or experiencing flu like symptoms.

Looking forward to a great day!

Without the support of these parents we would not be able to access our new resources so quickly, thank you again.

**Mrs Floody**

### Kiss N Drop Reminder

When dropping your children off in the morning please organise your child to be able to alight the car with their bag without your assistance. We ask that you remain in the car as your children exit. Your cooperation will help with the flow of moving vehicles. Thank you.

## Wellbeing Library

Welcome back to Term 2. This week we are beginning to have a regular 5 minute session of meditation. We are using the Smiling Mind App which draws the students attention to their breathing which in turn can relax their body. So far all the students have given it a go and I can see there are some 'professional meditators' in the school. Many students have told me they do meditation at home. That's great!

We are also talking about goals. Setting goals is a life skill that can help us succeed.

By setting goals we have a clear direction of where we want to go, like a road map. Understanding the importance of goal setting is useful from a young age as it gives students a sense of purpose. This is vital for maintaining mental health and students are less likely to experience anxiety about the future.

A **DREAM** written down with a date becomes a **GOAL**.  
A **GOAL** broken down into steps becomes a **PLAN**.  
A **PLAN** backed by **ACTION** becomes **REALITY**.

Here are a few links to some resources we used in the lessons.

## Playing our part to Build a National Picture of Child Health

In early 2021, our school, along with thousands of others across the country will begin preparations for the fifth Australian Early Development Census (AEDC).

The AEDC gives us a national picture of the development, health and wellbeing of children in their first year of full-time school. Since 2009, the census results have helped communities, schools and governments plan services and develop better policies to target support for children and families.

Children don't miss any class time, and parents/carers don't need to supply schools with any new information for the census. The AEDC gives us data at a school and community level - it isn't an assessment of individual children.

Some teachers have also noticed that completing the assessments made them more aware of the needs of individual children and the class as a whole and that the census results are useful in planning for transitions to Year 1 and developing class programs.

Participation in the AEDC is voluntary. Parents/carers don't need to take any action unless they choose not to include their children in the census.

To find out more about the census and how communities are using the data to help children and families visit the AEDC website: [www.aedc.gov.au](http://www.aedc.gov.au).

If you have any questions, you can contact Mrs Floody through the office.

## Child Protection—NEW

CEDP has launched a new Building Child Safe Communities form and online training module that **ALL** volunteers are required to complete.

ALL parents/volunteers must have completed this new online training in order to be able to help in classrooms/around the school, carnivals, gala days and on excursions (including grandparents that help with reading).
